TOTAL SERVICE SERIES

PX FAST 4

Product Description

PX FAST 4 10W-40 is Semi-Synthetic motorcycle oil specifically developed for the stringent lubricating requirements of sophisticated modern 4-stroke motorcycle engines especially those used for racing.

PX FAST 4 10W-40 motorcycle oil is specially formulated to take into account the unique transmission requirements and much higher engine temperatures of a modern 4T motorcycle. Reinforced with its superior additive package and synthetic content, PX FAST 4 10W-40 is ideal to be used in confined, high speed and high temperature engines typically found in today's modern 4 stroke motorcycles.

Applications/ Benefits

- Provides correct fictional properties for both engine and transmission
- Reduces engine wear and extends engine life
- Maximizes obtainable engine horsepower
- Protects against rust and corrosion

Typical Characteristics

Test Description	Result
Specific Gravity @ 15 0 C	0.871
Flash Point, Deg. C	215
Pour Point, Deg. C	<-30
Kinematics Viscosity	
@ 40C (cSt)	102
@ 100 0 C (cSt)	14.8
Viscosity Index	152

Specifications

- API SL/CF
- JASO MA
