## PX MULTIMAXX GREASE EP2 BLUE

### Product Description

PX Multimaxx Grease EP2 Blue high temperature grease is a high performance, versatile, long life EP grease. It is based on high viscosity index mineral oil and a lithium complex thickener and contains latest additive technology to offer high temperature oxidation performance, anti-wear and anti-corrosion properties.

### Applications/ Benefits

PX Multimaxx Grease EP2 Blue can be used in the following applications:  
Bearings, Trucks Chassis, Road Vehicles, Forklifts, Wheel Bearings (tapered & rolling), Chassis Points, Universal Joints, Cable & Throttle Linkages, King Pins, Front Suspension Joints, Spring Shackles, Steering & Transmission Joints.  
It can also be used for Fans, Blowers, Pumps, Conveyors (all at high temperatures) Water Pump Bearings, Stirrers and Mixers.

PX Multimaxx Grease EP2 Blue is perfect for wet/ dusty conditions where equipment bearings are highly loaded and subject to medium to high speeds.

- No leakage at high temperature >120 Deg. C.
- Excellent resistance to water washout
- Operates over a wide temperature range
- High anti-wear and anti-corrosion protection
- Superior performance in wet or dusty environments
- Available in NLGI 2 or 3

### Typical Characteristics

Test Description	Result
NLGI	2
Dropping Point	250 Deg. C. min
@ 40Deg. C. (cSt)	220
@ 100 Deg. C. (cSt)	18
Thickener	Lithium Complex
Colour	Dark Blue
