Product Certification Mark - Level 2

Mr. Peter Galliot
Phoenix Lubricants Pty Ltd:
2 Paul Cr.
Dandenong
Vic. 3175

Dear Peter

ALA Product Certification Mark Level 2 Approval No. M0001, PX Euro 5W-30

This is to certify that Phoenix Lubricants' PX Euro 5W-30 has been approved as a Certification Level 2 product (Product Meeting the Performance Standards of, refer to the attached document for more information), using the listed formulation with these claims:

Product name	Baseoil	Additive	Claims
PX Euro 5W-30	1. Group III 2. PAO	Infineum P6080A	API: SN/CF ACEA: C3 VW: 504.00 507.00 Mercedes Benz: 229.31, 229.51 BMW: Long-life 04 Porsche: C30 VW: TL 52195

The attached Product Certification Mark can be used on all advertising material, technical information, print and digital media.

The Australian Lubricant Association (ALA) is to be notified, if the product name and/or formulation change, (baseoil or additive pack).

If the product name and/or formulation change the Product Certification Mark will no longer apply and a new request for certification, detailing the formulation, is to be forwarded to the ALA for approval.

Notification must be received within one month of this change. If the ALA is not notified within this timeframe, the Product Certification Mark is to be removed from: advertising material, technical information and print and digital media and/or any other media or information.

As acknowledgement of the above please sign and date the "Acknowledgement" (below) and return it to enquiries@lubeassoc.com.au

Yours Sincerely

Barry Anchen

Chief Operating Officer

Australian Lubricant Association
