TECHNICIAN SERIES

PX XTREME POWER C3 5W-40

Product Description

PX Xtreme Power C3 5W-40 is 100% fully synthetic motor oil that utilizes a unique technology with special molecular formulation to maximize the protection for engines under extreme conditions. The adhesive bond with metal at a molecular level forms a strong protective film over all surfaces in the piston chamber, ensuring no metal to metal contact. It delivers optimized protection in performance engines under ultra-high load and maximizes power output in all conditions.

PX Xtreme Power C3 5W-40 contains the highest quality synthetic fluid providing a much stronger oil film than conventional mineral products. The oil has excellent film resistance at high temperatures which minimises oil consumption.

PX Xtreme Power C3 5W-40 is also an ACEA C3 Top tier lower SAPS lubricant. It is specially designed for use in high performance petrol and light diesel engines where advanced after-treatment systems such as Diesel Particulate Filters (DPF's) and Three Way Catalysts (TWC) are used. It also aligned well with many OEM performance specifications.

Applications/ Benefits

- Formulated for extra high engine loads.
- Optimized for racing conditions.
- Delivers superior thermal stability

Typical Characteristics

| Test Description | Result |
|---------------------------|--------|
| SAE Viscosity Grade | 5W-40 |
| Specific Gravity @ 15 0 C | 0.8535 |
| Flash Point, 0 C | 216 |
| Pour Point, 0 C | -39 |
| @ 40C (cSt) | 88.85 |
| @ 100 0 C (cSt) | 14.84 |
| Viscosity Index | 176 |
| TBN | 7.8 |

Approvals/ Specifications

- API: SN/CF
- ACEA: C3
- GM: Proprietary Fill - Diesel
- BMW: Long Life-04
- Mercedes-Benz: 226.5, 229.31, 229.51
- MB-Approval 229.51
- Porsche: A40
- VW: 502 00/ 505 01
- Renault: RN0700/ RN0710
